

GET CARDED

STEP 1: Play the song "Safety Dance." On repeat.

STEP 2: Fill out these cards for every member of the household, and task them with keeping one with them at all times in a purse, wallet or backpack. Contact info goes on one side; a map of your emergency meetup spot goes on the other.

STEP 3: Cut out the cards (adult supervision required with scissors), fold them on the dotted line, and have them laminated. Make sure that kids' contact cards are concealed from public view, not hanging from a backpack zipper.

FOLD HERE

Emergency contact name

Phone number

Other important information

DIAL 911 FOR EMERGENCIES

NEIGHBORHOOD MEETUP SPOT

Use scissors with adult supervision.
