july

YEAR: _____

Monthly Tips & Dates

- Plastic Free July
- Every day, 3.2 million trees are planted in the country—more than Chicago's 2.7 million residents.
- Forestry is responsible for the largest supply of municipal drinking water in the country.

august

YEAR: _____

Monthly Tips & Dates

- Paper and paper-based packaging are one of the most recycled materials in the U.S.
- Magazines and newsprint are recyclable. Modern recycling machinery can handle staples, special inks and glossy paper.
- Trees in U.S. forests absorb more carbon dioxide than forestry related activities produce.

september

YEAR: _____

Monthly Tips & Dates

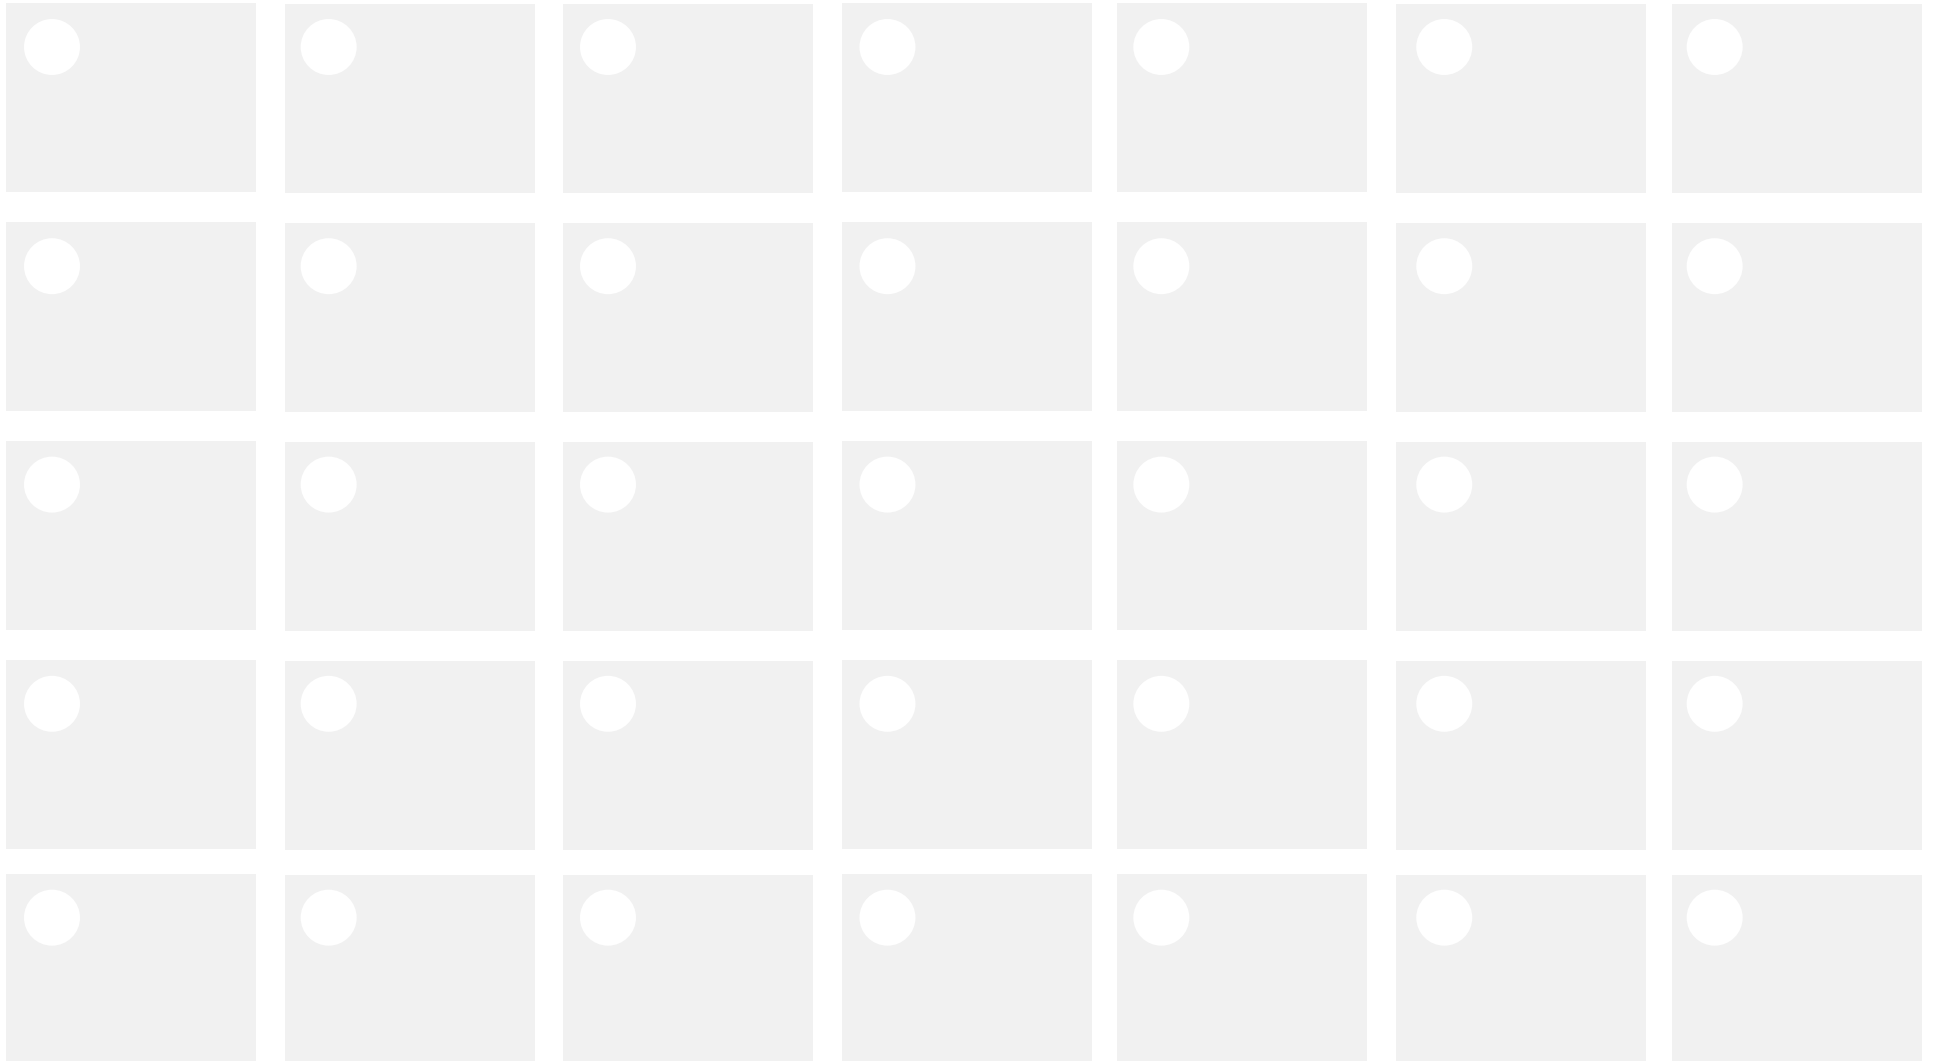

- Paper mills typically reuse water at least 10 times before purifying and returning it to waterways.
- In 2016, about two-thirds of the energy used by leading mills came from renewable biomass energy.
- Private forest owners plant about four million trees every day.

october

YEAR:

Monthly Tips & Dates

- October 17-23: National Forest Products Week
- October 20: National Reuse Day
- Corrugated fibers can be reused 7 to 10 times to make new boxes and other paper products.

november

YEAR:

Monthly Tips & Dates

- November 15: National Recycling Day
- Opt for products packaged in materials that are easy to reuse or recycle, like cardboard boxes.
- Don't forget to flatten boxes. Make sure the item is clean and dry. Crumpled paper goes into the recycling bin.

december

YEAR:

Monthly Tips & Dates

- Recycle any stamped paper envelopes from holiday cards. Don't worry about peeling off the stamps either.
- Flatten boxes for easy storage, and come gift-wrapping time you're all ready.
- Wrap your gifts with kraft paper that can be easily recycled.
