

Folding Pop-Up Card

Supplies

- 2 sheets of colored paper
- Scissors
- Glue

Instructions

Step 1: Fold 1 sheet of paper in half and draw half a heart along the fold. Then draw a smaller half of a heart inside of that half of a heart.

Step 2: Cut out both half hearts, leaving about an inch uncut.

Step 3: Unfold the paper, apply glue across the back of it, everywhere except on the hearts, and then adhere it to your other piece of paper.

Step 4: Open your card and adjust the hearts so that they pop out.
